

- e. The name of the prescriber; (7-1-93)
- f. The file number of the prescription. (7-1-93)

02. Patient Profile Information. Patient profiles will contain all of the information of a patient record and will include summarization of the known, pertinent, personal medical data, the knowledge of which may significantly affect the proper determination of a regimen of medication. Examples are: chronic and acute disease states, allergies or idiosyncrasies to medications, age and weight. The daily record and patient profile record will be maintained in the pharmacy for a period of three (3) years. (7-1-93)

158. PRESCRIPTION DRUGS.

01. Designated Drugs. In addition to those drugs designated as prescription or legend drugs as defined in Section 54-1705(23), Idaho Code, the Idaho Board of Pharmacy includes preparations containing ephedrine or salts of ephedrine, as prescription drugs. (7-1-93)

02. Exempt Drugs. A product that meets all the criteria set forth in Subsection 158.02.a. is exempt from the designation as prescription drugs under Subsection 158.01 and exempt from inclusion as a Schedule II controlled substance under Section 37-2707, Idaho Code, unless it is being used or possessed as an immediate precursory of another controlled substance. (7-1-98)

a. Products containing a formula with a ratio of twelve and one half (12.5) milligrams ephedrine to two hundred (200) milligrams guaifenesin or twenty-five (25) milligrams ephedrine to four hundred (400) milligrams guaifenesin; and not exceeding a maximum of twenty-five (25) milligrams of ephedrine per tablet, capsule, or dose; and in addition to such formula, may include only inert or inactive ingredients or substance. (7-1-98)

b. Provided, however, that hemorrhoidal ointments containing not more than two tenths percent (.2%) Ephedrine Sulfate and suppositories not exceeding four (4) milligrams Ephedrine Sulfate per suppository are also exempt pursuant to Subsection 158.02. (7-1-98)

159. PRESCRIPTION REQUIREMENTS.

01. Prescription Requirements. All prescriptions shall at a minimum indicate the following: the name of the patient; the date written; the directions for use; the name, strength, and amount of the medication; the name of the prescriber; and, if written, the pre-printed, stamped or hand-printed name of the prescriber and the handwritten signature of the prescriber. No prescription is refillable unless specifically indicated by the prescriber. Further requirements for controlled substance prescriptions are contained in Subsection 433.10. (7-1-98)

02. Prescription Labels. Any drug dispensed shall bear a label containing the following: the name, address and telephone number of the dispenser (person or business), the serial number and date of the prescription or its filling, the name of the prescriber and the name of the patient, the directions for use, name (generic or brand) of the medication (including manufacturer's name if a generic), and any cautionary statements required to protect the consumer, including when advisable the manufacturer's original expiration date, the quantity of item dispensed and the initials of the person dispensing and the statement: "Warning: Federal or State law prohibits the transfer of this prescription to any person other than the person for whom it was prescribed." When appropriate, the prescriber may request "Do Not Label", in such cases the medication name will not appear. (7-1-98)

160. PRESCRIPTION TRANSFER.

A pharmacist may transfer prescription order information for the purpose of refilling a prescription only if the information is communicated orally directly by one (1) pharmacist to another pharmacist. Such oral information can be communicated by an extern/intern under the direct supervision of a pharmacist to another pharmacist as long as one (1) of the parties involved in the communication is a pharmacist and the order is not for a controlled substance. In the alternative, the transferring pharmacist may transfer the prescription order information by facsimile transmission to the receiving pharmacist. In the case of a facsimile transmission, the transmission shall be signed by the transferring pharmacist. (3-30-01)

01. Prescriptions for Controlled Substances. Prescriptions for controlled substances may be
